

SOLA teams up with Joan Mitchell

Foundation to support mature

Washington women artists on

Legacy & Archiving

## Support of Old Lady Artists

SOLA's mission is to award cash grants, professional support and greater recognition to female visual artists over 60 who are currently working and living in Washington State and have created a body of work spanning at least 25 years.

### **Your Story is Art History**

Hi friend,

As professional artists, we can easily get bogged down in day-to-day business and studio needs and miss out on important opportunities to expand our network through community events. We all also know how fast exhibitions come and go. The "wins" of a successful art show slip by way too fast! Or maybe life just moved on and you never had a chance to show a work that is really important to your development and story? Whether an artwork is exhibited and celebrated or not, as career artists it is the very history of our state and needs to be seen.

Join us on Tuesday, April 25 for a fun networking event where you will have up to 3 minutes to introduce yourself through an older artwork created ten years ago or longer. Connect with your peers from across the state!
